Free shipping on standard-sized shutters (Length less than 80").

Other custom styles available, email us with your special needs.

Vertical Boards are compressed together. Polyurethane glue is then applied to the back of the batts. Batts are attached with a minimum of three screws per board at the batt. Screws are inserted from the back so as not to show. Result is a minimum of 18 screws per panel for long life.

Styles

1. Standard Open
2. Standard Closed
3. Standard Closed with additional Cleat
4. Standard Closed with "Z" Bar Option
